Making Healthcare Safer and the environment greener

The reusable Daniels Sharpsmart system is most likely the world's safest and most environmentally responsible sharps management system.

The reusable sharps disposal service relied on worldwide

Specifically designed to suit small healthcare facilities and available in a range of sizes, the Sharpsmart collector incorporates many intelligent safety features that significantly reduce the risk of sharps injuries to your staff and patients.

Looking after you and our environment

The reusable Sharpsmart system makes processing sharps waste easy: the collector is delivered to your door, it's picked up from your premises when full, washed and sanitized, then returned to you again, ready for use.

That's not only easier for you to administer, but because you're not throwing away the sharps collector itself, you know you're also doing your bit for our environment.

RATED BEST SYSTEM IN CLINICAL TRIALS

Secure disposal

Secure-action Safety Tray provides large opening but restricts hand access.

Eliminates overfilling

Safety Tray automatically stays upright when collector is full.

Can't be re-opened

Side locks are tamper-proof when engaged.

More service options to save you time and money

Regulated medical waste (RMW) removal service

Daniels offers a reliable and cost effective medical waste removal service that is ideal for small to medium size healthcare facilities. Fully compliant, with proven experience in medical waste and pharmaceuticals disposal worldwide, Daniels will provide the personal service that takes the medical waste disposal burden off your shoulders.

Why we use Daniels

“ It is with pleasure to give you a recommendation for Daniels Sharpsmart... Their techs are very professional when on site. To say that we are extremely satisfied is an understatement. I am sure that should you choose them, you will be as satisfied with their outstanding service and professionalism as well as a superior product. ”

Robert Nye, Director Environmental Services
 Atlantic Healthcare Systems - Mountainside

“ ...Daniels has exceeded our expectations... Furthermore, the level of service provided from the research to the follow up stage has been outstanding. ”

James Herrera, Project Coordinator
 Northern Michigan Supply Alliance
